Troubleshooting

☆Intimate Reminder

1. VGAME's product wire accessories are specially made, and are different from commercially available accessories. Please use the shipped accessories.

2. Our accessories are different from accessories provided by other developers. Please refer to the layout picture as follow.

3. The control board's voltage must be simultaneously 12V and 5V. Please insert right to left from outside.

4. Please don't often clear current profits and move it over to total profit so as to affect the manner the games pays out.

☆Wrong decision

Message	Solution
